

The Meaning of **Peace**: Biblical Studies

Second edition, with expanded bibliography

Edited by Perry B. Yoder and Willard M. Swartley

"The Institute of Mennonite Studies has done American biblical scholars and students a real service in collecting and translating this volume of essays on *shalom* and *eiréne*, all but one originally published in German. A nineteen-page bibliography [updated, and expanded to forty pages in this second edition], index of Scripture and ancient writings, and thorough introductory chapters which address both the essays themselves and the larger scholarly context for discussions of *shalom* and *eiréne*, make this an important tool for biblical scholars as well as those interested in biblical perspectives related to the roles of individuals, churches, and political institutions in seeking and attaining peace."

—Keith A. Graber Miller, Associate Professor of Bible, Religion and Philosophy, Goshen College, Goshen, Indiana (Journal of Church and State)

This book "should be of interest not only to biblical scholars but also to theologians and ethicists and—most important—to all Christians concerned to live in light of the biblical hope of peace."—Richard B. Hays, Professor of New Testament, The Divinity School, Duke University

"These pieces speak with explicit political agenda and with a moral urgency unusual (and refreshing) in biblical scholarship.

"The Bible continues to be invoked in contemporary politics, almost always in a crass and dogmatic manner. That the Bible can be useful politically without being oversimplified or abused is a lesson that biblical scholars very much need to teach. This volume is a helpful contribution to this effort."—Robert J. Miller (Catholic Biblical Quarterly)

Editors

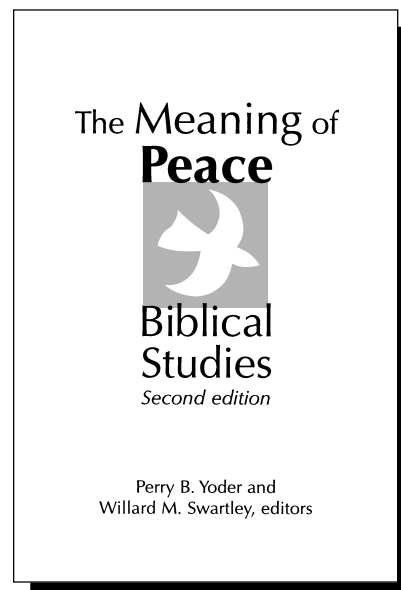

Perry B. Yoder is Professor of Old Testament at Associated Mennonite Biblical Seminary, Elkhart, Indiana.
