

## Canadian Tuition Payment

The net amount of tuition plus mandatory fees minus financial aid may be paid in Canadian funds. The Canadian amount will be posted at par to US funds on your student account, with AMBS absorbing the exchange. There are two options for payment in Canadian funds:

1. Write a check on your Canadian checking account.
2. Charge your Canadian credit card (VISA or MasterCard).  
To do this, take the card to Judy Yoder, receptionist, for processing. The Business Office will convert the amount to be charged on your credit card to US dollars at the current exchange rate. AMBS will absorb the exchange difference.
